Things haven't changed a bit since then!

REMEMBER how it took a powerful lot of determination to pass that wonderful store on Sunday morning . . . and not spend most of that Sunday School nickel for candy?

And . . . wasn't it pretty much the same when you grew up too? Every payday, you wanted to put aside a few dollars. But you never did. There was always "something" to buy.

In fact, for one reason or another, saving almost seemed impossible until . . . along came War Bonds and the Payroll Savings Plan!

Then suddenly you discovered *it was really easy to save*—when your savings were deducted from your pay envelope every week.

Pretty soon, too, you found you were accumulating *more savings this way* than you ever had before. Like Topsy, your Bond savings just *grew and grew.*

Well, wouldn't it be a good idea to keep a good thing like this *going?*

You can still buy U. S. Savings Bonds just as you bought War Bonds—through your Payroll Savings Plan. You get the same safe investment, same high returns. $25 for every $18.75, when the Bonds mature.

And it's certain you'll never find an *easier or a surer* way to save!

SAVE THE EASY WAY... BUY YOUR BONDS THROUGH PAYROLL SAVINGS

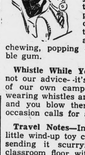
Run, do not walk to the nearest principal's office, if you intend to try out any of these tortures for teachers. Deservedly, they rate number one of the faculty's hiss parade.

Bubble Trouble — First it was those magic bubble makers, which are still functioning in many classrooms. But lately it's been Bubble Gum on which some of you have learned to give startling performances. In one school there's a fine for anyone caught chewing, popping or blowing bubble gum.



Whistle While You Work—That's not our advice- it's just the report of our own campus FBI. You're wearing whistles around your necks and you blow them whenever the occasion calls for a Hubba Hubba.

Travel Notes—Imagine taking a little wind-up toy car to school and sending it scurrying around the classroom floor with notes to your favorite companions in crime. But don't let your imagination get the better of you.

Kid Stuff—"No yo-yo's allowed" is the sign over one classroom, where the teacher wearied of confiscating the jittery little gadgets. In another school, huge lollipops are the latest in truly juvenile delinquency, and in many schools the campus queens are carrying little rag-doll mascots with them wherever they go. Who do they think they are—Baby Snooks?
